

## **Non Food Safe Decal Instructions**

**CAUTION:** Do not apply on surfaces that come in contact with food or drink. Keep decals away from small children unless properly supervised. Lead and Cadmium may be present in some colors.

**INSTRUCTIONS:** Immerse decal in water for 20 seconds. Slide decal from the backing paper and position on glazed ware. Remove moisture with a soft damp cloth or decal squeegee. Be certain wrinkles and bubbles are completely removed. Do not rub or press after decal has dried. Allow to dry 24 hrs. Most decals fire at Cone 018-017.
